

EMI/RFI Shielded Pouches

Select Fabricators, Inc.

Products for this millennium

Select Fabricators' Electronic Device Shielding Pouches secure portable transmitters from RF & microwave interference and/or emissions. Lightweight and flexible, the pouches are made to absorb and reflect signals from entering or leaving portable devices including cell phones, laptops and PDAs. All standard EMI shielding pouches are double layer conductive nickel/silver/copper material. Custom sizes from 4" x 6" to 48" x 48" are available.

Eliminate Problems caused by wireless devices in

- Secure Facilities & SCIFs
- Government Facilities
- TV & Radio Broadcasting Facilities
- Hospitals & Medical Facilities
- Theaters, Museums & Libraries
- Conference Rooms
- Courtrooms
- Prisons
